A New Year, A New Video, and New Reasons to Say THANK YOU!

We are all looking forward to a new start in 2021! At Youth Art For Healing, we think the beginning of the year is the perfect time to thank our donors, whose generosity has given us many new reasons to be grateful.

We also think now would be a great time to introduce our new video, "The Magical Power of Brushstrokes." Click on the link below to view this video and learn more about how our organization works.

Creativity Goes a Long Way During COVID-19

Teachers everywhere have been creative in keeping their students engaged during the pandemic. Check out how Marynell Curtis, art teacher at Tilden Middle School in Rockville, MD, organized art supplies at the yellow posts for pick-up by her students. A big thank you to Marynell and all the wonderful teachers who continue to support their students through this challenging time!

Support from great partners like you enriches the lives of patients, families, students, and healthcare professionals! No amount is too small – every dollar makes a difference!
