### Welcome to our 2021 Virtual Art Show!

Every year, Youth Art For Healing hosts an in-person Art Show to showcase the artwork by our student artists before it is installed in healthcare locations. In 2020, due to the COVID-19 pandemic, we created a Virtual Art Show so we could still celebrate the gift of art given by our student artists.

Now in 2021, for the second year in a row, we are delighted to present our Virtual Art Show, available in a full-length video below and an [Explore-On-Your-Own Virtual Art Show on our website](#). Both versions of our Virtual Art Show display all 95 paintings created by our amazing student artists during this very challenging year.

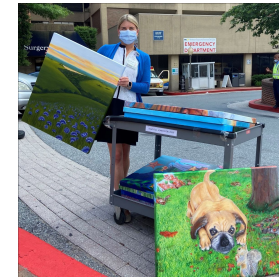

Take a few minutes to relax and enjoy the full-length version of our 2021 Virtual Art Show, or if time is limited, [visit our website to view a shorter version](#).

## “Gifts of Gratitude”

Traditionally, YAFH student artists create paintings designed for specific healthcare locations in the Washington D.C. metro area and beyond. During the 2020-21 school year, many student artists created amazing "Gifts of Gratitude" paintings to give to frontline healthcare HEROES to thank them for their service during the COVID-19 pandemic.

We're overjoyed that some of our student artists are meeting frontline healthcare workers to personally give them their "Gifts of Gratitude" paintings.

## THANK YOU!

A huge THANK YOU to our generous donors and partners for helping to make all of this happen!

If you're inspired by these paintings the students created to give to others, we would so appreciate your support for our 2021-22 projects and paintings!

We are excited and grateful as we prepare for our 2021-22 school year's projects in hospitals and clinics, and "Gifts of Gratitude" paintings that will be given to 124 dedicated frontline healthcare workers at five hospitals.
