### 2022 VIRTUAL ART SHOWS

During the 2021-22 school year, 303 student artists from fourteen schools created 204 beautiful works of art, including 79 paintings for permanent installation in five healthcare sites. They also created 125 Gifts of Gratitude paintings for healthcare workers at five hospitals to thank them for their service during the pandemic.

Youth Art For Healing has been sharing photos on social media of the talented students working on their artworks in progress. We're very excited to now present their amazing finished paintings!

Paintings by students from Charles H. Flowers High School and Watkins Mill High School.

The videos below showcase the students' artistic talent and giving to others. Please enjoy viewing their vibrant and uplifting works of art. You can also view all of these videos and artworks on our website [www.YouthArtForHealing.org](http://www.YouthArtForHealing.org).
